# COVID-19

Worldwide as of October 29, 2021

Total Cases: 245,373,039

Total Deaths: 4,979,421

Total Vaccine Doses Administered: 6,838,727,352

\* Source: World Health Organization

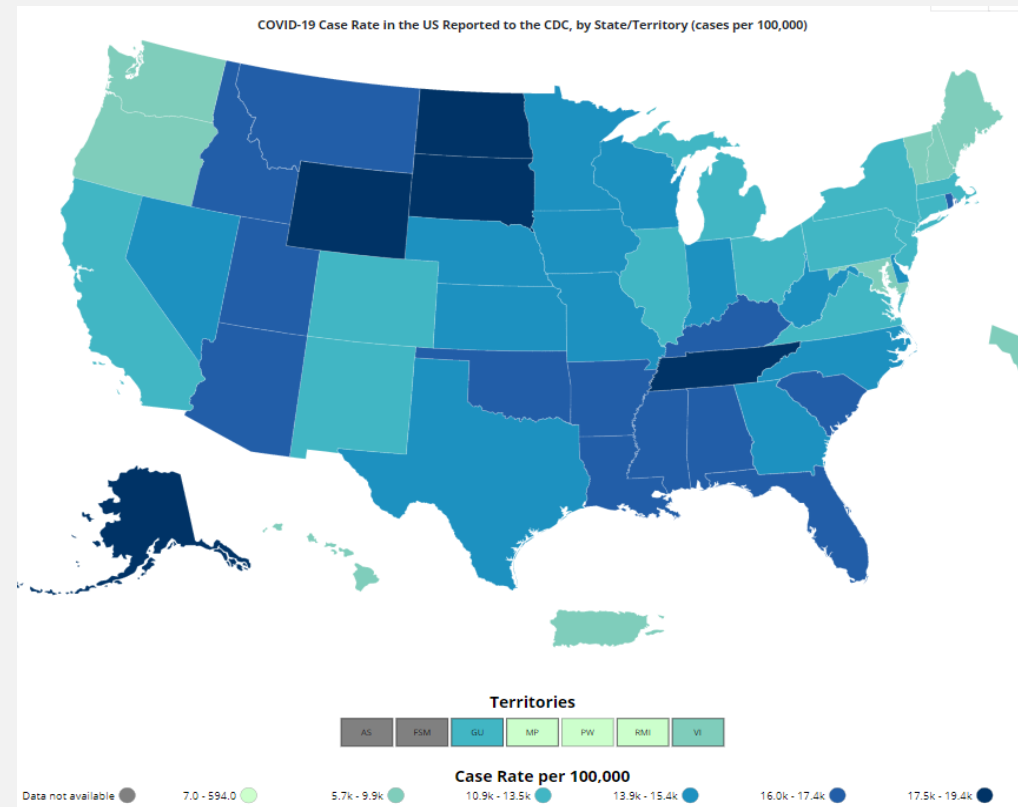

You likely notice a difference in the case counts if you are following other organizations, such as Johns Hopkins. The CDC updates case totals each day, reporting the cases numbers from the previous day. Other sites use sources for real time counts.

United States as of October 30, 2021

Total Cases: 45,846,153

Total Deaths: 743,410

Total Vaccine Doses Administered: 422,070,099

\* Source: Center for Disease Control and Prevention

  - Visit <https://health.mo.gov/living/healthcondiseases/communicable/novel-coronavirus/community-test.php#self-collection> to find out more information about those kits and how to order.

# MISSOURI COVID-19 VACCINE DASHBOARD

## Overall Vaccinations in Missouri

This dashboard was last updated on 10/31/2021 and contains data on vaccinations administered through 10/31/2021. Historical numbers, especially over the most recent few days, will update as providers report data to the state. Differences between this dashboard's numbers and those on CDC's dashboard are primarily due to timing.

### COVID-19 Vaccine Dose Details

# BOOSTER DOSES FOR PFIZER, MODERNA OR JOHNSON & JOHNSON VACCINE

- For individuals who received a Pfizer or Moderna COVID-19 vaccine, the following groups are eligible for a booster shot at **6 months or more** after their initial series.
  - 65 years and older
  - Age 18+ who live in long-term care settings
  - Age 18+ who have underlying medical conditions
  - Age 18+ who work or live in high-risk settings
- For those who received the Janssen/Johnson & Johnson COVID-19 vaccine, booster shots are also recommended for those who are 18 and older and who were vaccinated **two or more months** ago.

clinics offered in the  
county!

# DO I NEED A THIRD DOSE OR A BOOSTER DOSE?

- UPDATED OCT. 22, 2021 -

- Eligible individuals may choose which vaccine they receive as a booster dose. Some people may have a preference for the vaccine type that they originally received, and others may prefer to get a different booster. CDC's recommendations now allow for this type of mix and match dosing for booster shots.
- COVID-19 booster shots are administered anywhere the COVID-19 vaccine is available. **Individuals do not need to get their booster shot at the same location they received their initial series.**

## Questions?

Translation services available online and by phone

COVID-19 Website  
[MOStopsCovid.com](https://www.MOStopsCovid.com)

COVID-19 Hotline  
(877) 435-8411

Millions of people are newly eligible to receive a booster shot and will benefit from additional protection.

However, this action should not distract from the critical work of ensuring that unvaccinated people take the first step and get an initial **COVID-19** vaccine.

More than 65 million Americans remain unvaccinated, leaving themselves – and their children, families, loved ones, and communities – vulnerable.

DID YOU KNOW

Secondhand smoke contains more than 7,000 chemicals of which **more than 250 are known to be poisonous.**

# FREE COVID TESTING AVAILABLE

- Atchison County Health Department continues to have BinaxNOW test kits and are available for testing by appointment Monday through Thursday.
- These tests are FREE.
- The rapid antigen test provides results within 15 minutes after collecting the sample.
- This is a great option in identifying positives before going to school or work, so that we do not have to quarantine multiple people due to exposure.
- We are available and in the office by 7:30 am each morning.
- Please call 660-736-4121 if you are in need of testing.

**Make a difference. Make the call.**
