#### **Cases and Deaths in Vaccinated Missourians**

#### What is a breakthrough infection? A breakthrough infection is a COVID-19 case that occurs in someone who is fully vaccinated, meaning 14 or more days after completing the recommended doses of an authorized vaccine.

This dashboard was last updated on 12/25/2021, with the most recent testing data (12/26/2021), vaccine data (12/23/2021), and breakthrough data (12/24/2021). Breakthrough case and death data will be updated Monday through Friday, all other data will be updated daily. All metrics below include **reported** cases and deaths since 1/1/2021.

#### Deaths Cases Percent of fully vaccinated people who died of COVID-19 Percent of fully vaccinated people who developed infection (among all vaccinated persons): (among all vaccinated persons): 2.44% 0.03% (Total Breakthrough Cases: 79,795 / Total Fully Vaccinated People: 3,274,942) (Total Breakthrough Deaths: 822 / Total Fully Vaccinated People: 3,274,942) Percent of cases in unvaccinated or partially vaccinated people Percent of deaths in unvaccinated or partially vaccinated (among all COVID-19 cases): people (among all COVID-19 deaths): 85% 89% (Total Cases Non-Fully Vaccinated: 438,125 / Total Cases: 517,920) (Total Deaths Non-Fully Vaccinated: 6,725 / Total Deaths: 7,547)

Fully Vaccinated Missourians: 3,274,942

People with certain underlying conditions are at greater risk of breakthrough COVID-19 infections, severe illness, hospitalization and death. Click on the CDC image to the right to learn more.

#### Prevalence of Underlying Risk Factors (URFs) for Fully Vaccinated Missourians by Breakthrough Infection Status\*

To see more detail, hover over the bars to get exact percentages of risk factors found in the following population groups: Non-Breakthrough (avg. age 53 with 36% having URFs), Any Breakthrough (avg. age 54 with 43% having URFs), and Breakthrough Resulting in Death (avg. age 77 with 94% having URFs).

https://health.mo.gov/living/healthcondiseases/communicable/novel-coronavirus/data/public-health/health-metrics/breakthrough-cases.php

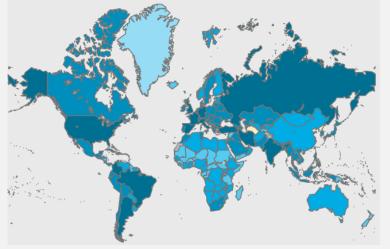

#### COVID-19

Worldwide as of December 23, 2021

Total Cases: 276,436,619

Total Deaths: 5,374,744

Total Vaccine Doses Administered: 8,649,057,088

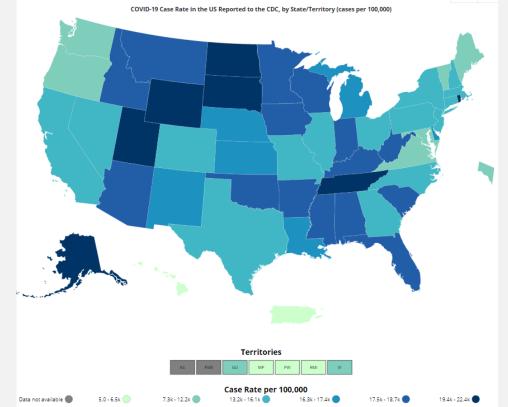

\* Source: World Health Organization

You likely notice a difference in the case counts if you are following other organizations, such as Johns Hopkins. The CDC updates case totals each day, reporting the cases numbers from the previous day. Other sites use sources for real time counts. United States as of December 25, 2021

Total Cases: 51,574,787

Total Deaths: 809,300

#### Total Vaccine Doses Administered: 500,222,330

\* Source: Center for Disease Control and Prevention

IF YOU RECEIVED Pfizer-BioNTech	<ul> <li>Who can get a booster:</li> <li>Teens 16-17 years old</li> <li>Who should get a booster:</li> <li>Adults 18 years and older</li> </ul>	When to get a booster: At least 6 months after completing your primary COVID-19 vaccination series	<ul> <li>Which booster can you get:</li> <li>Teens 16-17 years old can get a Pfizer-BioNTech COVID-19 vaccine booster</li> <li>Adults 18 years and older can get any of the COVID-19 vaccines authorized in the United States</li> </ul>
IF YOU RECEIVED Moderna	<b>Who should get a</b> <b>booster:</b> Adults 18 years and older	When to get a booster: At least 6 months after completing your primary COVID-19 vaccination series	Which booster can you get: <u>Any of the COVID-19</u> <u>vaccines</u> authorized in the United States
IF YOU RECEIVED Johnson & Johnson's Janssen	<b>Who should get a</b> <b>booster:</b> Adults 18 years and older	When to get a booster: At least 2 months after completing your primary COVID-19 vaccination	Which booster can you get: <u>Any of the COVID-19</u> <u>vaccines</u> authorized in the

United States

## As of 12/09/2021

Atchison County Health Department is taking appointments for

## Moderna Pfizer (adult & pediatric) Janssen/J&J

All types: initial, 2<sup>nd</sup> & booster doses Days offered: Tuesdays & Thursdays

Call for appointment 660-736-4121

Other locations for COVID vaccine in Atchison County:

Rogers Pharmacy Tarkio 660-736-5512 Call for an appointment

Stoner Drug Rock Port 660-744-2433 Call for an appointment Millions of people are eligible to receive a booster shot and will benefit from additional protection.

However, this action should not distract from the critical work of ensuring that unvaccinated people take the first step and get an initial COVID-19 vaccine.

More than 65 million Americans remain unvaccinated, leaving themselves – and their children, families, loved ones, and communities – vulnerable.

# Don't Wait. Vaccinate!

Protect yourself and your loved ones.

Getting vaccinated is the only way to make sure that we **stamp out COVID-19**. Vaccines are safe and available now. Get your vaccination today!

- Baby's milestones
- Signs and symptoms of labor
- Doctor visit and appointment reminders for you and your baby
- Breastfeeding advice
- Car seat safety
- Information on health insurance
- Urgent health alerts
- Resource hotlines and websites

Text4baby is a free service provided by Wellpass. The text messages are sent for free thanks to the CTIA Wireless Foundation and participating mobile phone companies: Alltell, Assurance Wireless, AT&T, Bluegrass Cellular, Boost Mobile, Cellcom, Cincinnati Bell, Cricket, MetroPCS, n-Telos, Sprint, T-Mobile, U.S. Cellular, Verizon Wireless, and Virgin Mobile USA.

DID YOU KNOW

Secondhand smoke contains more than 7,000 chemicals of which more than 250 are known to be poisonous.

## FREE COVID TESTING AVAILABLE

• Atchison County Health Department continues to offer COVID testing.

### <u>NOTE NEW HOURS!!!</u>

- Monday Thursday
- 7:30am 8:30am and *1:30pm –*2:30pm.
- Must have an appt. Call 660-736-4121. Testing is done car-side.
- These tests are FREE.
- The rapid antigen test provides results within 15 minutes after collecting the sample.
- This is a great option in identifying positives before going to school or work, so that we do not have to quarantine multiple people due to exposure.

## Make a difference. Make the call.

# REPORT ADULT ABUS

1-800-392-0210 Report online: health.mo.gov/abuse

#### SUICIDE IS A PUBLIC HEALTH PROBLEM. LET'S CHANGE THIS AND MAKE MISSOURI SAFER. LEARN THE WARNING SIGNS AND HOW TO HELP.

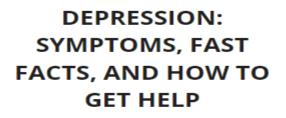

·L oneliness

LONELINESS TYPES, SYMPTOMS, AND DEFINITIONS — AND HOW YOU CAN HELP

Loneliness is an emotional state that comes from feeling isolated from a certain situation. The key emphasis here is feeling — you can easily feel isolated from a situation or community even if you aren't technically alone. It's the perception of being alone that matters.

#### EMOTIONAL ABUSE: FACTS, SYMPTOMS, HOW TO HANDLE, AND HOW TO HELP

Abuse doesn't just come in a physical form — and emotional and verbal abuse can carry just as much damage and lasting effects. Emotional abuse can also go hand-in-hand with other forms of mistreatment, and is a major sign of an unhealthy relationship.

Depression, or major depressive disorder, is a mood disorder characterized by persistent feelings of sadness, hopelessness, or emptiness. Learn more about depression, including types of depressions, symptoms, and treatment methods.

## National Suicide Prevention Lifeline

We can all help prevent suicide. The Lifeline provides 24/7, free and confidential support for people in distress, prevention and crisis resources for you or your loved ones, and best practices for professionals.
